1. You will recall our conversations and conferences with the Executive and Deputy Executive concerning transfers of funds [REDACTED]

2. I suggested a solution in my memorandum of 6 July to the Executive, which is attached hereto. You will note the Executive has approved it, and recommends that this be handled informally.

3. Would you pass this on to those in your office who have a need to understand this point? If you need copies, I believe there is no objection to making them for your files.
